SENATE BILL

No. 1610

Introduced by Senators Simitian and Ashburn

February 24, 2006

An act to ~~add Section 1463.19 to the Penal Code, and to add Sections 21706.5 and 42005.8~~ *Section 21706.5* to, to amend, repeal, and add Section 25253 of, and to add and repeal Section 21809 of, the Vehicle Code, relating to vehicles.

LEGISLATIVE COUNSEL'S DIGEST

SB 1610, as amended, Simitian. Vehicles: emergency vehicles.

(1) Existing law requires the driver of a vehicle, upon the immediate approach of an authorized emergency vehicle, as defined, that is sounding a siren and has at least one lighted lamp exhibiting red light, as specified, to yield the right-of-way and immediately drive to the right-hand edge or curb of the highway, clear of an intersection, and thereupon stop and remain stopped until the authorized emergency vehicle has passed, except as otherwise directed by a traffic officer.

This bill would prohibit a person from operating a vehicle in an unsafe manner, as defined, within an emergency incident zone, as defined, ~~and would make a violation of this prohibition punishable by a fine and a penalty assessment of \$125.~~ The bill would thereby impose a state-mandated local program by creating a new crime.

~~(2) Existing law establishes various accounts and subaccounts within the State Transportation Fund for purposes of funding various programs. Existing law establishes the Office of Traffic Safety in the Business, Transportation and Housing Agency.~~

~~This bill would establish the Emergency Zone Account within the fund and would require that all assessments collected for violations of the prohibition upon operating a vehicle in an unsafe manner in an emergency incident zone be deposited by the Controller into that account. The bill would require that money in the account be expended, upon appropriation by the Legislature, for use by the Office of Traffic Safety for funding an educational program to increase public awareness and safety of emergency personnel.~~

~~Because this bill would increase the level of service imposed on a county treasurer in transferring funds to the Controller, this bill would impose a state-mandated local program.~~

~~(3)~~

~~(2) This bill, until January 1, 2010, would require a person driving a vehicle on a freeway approaching a stationary authorized emergency vehicle that is displaying emergency lights, or a stationary tow truck that is displaying flashing amber warning lights, to approach with due caution and, before passing in a lane immediately adjacent to the authorized emergency vehicle or tow truck, absent any other direction by a peace officer, proceed to either make a lane change into an available lane, as specified, or, if that maneuver would be unsafe or impracticable, slow to a reasonable and prudent speed that is safe. The bill would thereby impose a state-mandated local program by creating a new crime.~~

~~(4)~~

~~(3) Existing law requires tow trucks used to tow disabled vehicles to be equipped with flashing amber warning lamps, and authorizes tow trucks to display flashing amber warning lamps while providing service to a disabled vehicle.~~

~~This bill, until January 1, 2010, would prohibit a tow truck from displaying flashing amber warning lamps on a freeway except when an unusual traffic hazard or extreme hazard exists. Because a violation of this prohibition would be a crime, under provisions of existing law, this bill would impose a state-mandated local program.~~

~~(5)~~

~~(4) The bill would require the Department of the California Highway Patrol to submit a report to the Legislature regarding the~~

effects the statutory changes made by this bill had on the safety of emergency responders and the motoring public.

~~(6) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.~~

~~This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.~~

~~With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.~~

~~(5) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.~~

~~This bill would provide that no reimbursement is required by this act for a specified reason.~~

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.
